Re: Removal of guard rail, NOV 86-4-1-4, # 2 of 4

Dear Mr. Hedberg,

Genwal Coal Company has submitted to the Division a mid-term review and surface modification. This proposal contemplates the removal of all guard rails on the mine site, however a meeting later this week with the forest service at the mine site may alter these plans and include some guard rails in areas specified by the forest service. If a decision is made for the location of guard rails at that meeting, I will forward to you a map showing the location of these guard rails.

If I can be of any further assistance please feel free to call me at 538-5340 ext. 5300.

Sincerely yours,

  
Andrew C. King
